#42 OCT 18

Our Moldovan global ministry partner, KBC Ministries, continues to receive God's favor during this challenging COVID season. Though travel restrictions have prevented American professors from teaching in the KBC Seminary this year, the national professors have stepped up to the plate in building and providing high-quality content. Two of the faculty completed the Master of Divinity recently and this year's class is off to a great start! Meanwhile, CBC's church planting partner, Kishinev Bible Church is hosting a dozen church representatives in their building as a host of Exponential Europe. They are also looking to plant a new church within the next two months. Please be in prayer for the fall seminary class, the church plant, and also the thirty Kingdom workers they have deployed throughout Moldova and Central Asia. Though COVID has adversely impacted the world, KBC Ministries in Moldova continues to "make lemonade out of lemons" and is looking to finish this year strong!
